

Are you already a certified diver? Are you interested to visit the wreck at 22 meters? Or how about seeing a reef at night?

The PADI Adventure Diver and Advanced Open Water diver ratings are your options for taking the next step towards honing your diving skills and expanding your knowledge. The course is designed so you can go straight into it after the PADI Open Water Diver course. The Advanced Open Water Diver course helps you increase your confidence and build your scuba skills so you can become more comfortable in the water.

This is a great way to get more dives under your belt while continuing to learn under the supervision of your PADI instructor. This course builds on what you've learned and develops new capabilities by introducing you to new activities and new ways to have fun scuba diving.

Welcome to beauty and the blues, welcome to **fun under pressure** (The Submersibles' tagline!)

#### Pre-requisite:

1. Minimum age of 15 years old (or 10 years for Junior AOWD). For Children below the age of 15, the presence of one or both of their parents/guardians during the course is strongly recommended.
2. In reasonably good physical and mental health
3. Already a PADI Open Water Diver or have equivalent rating from another agency
4. For Open Water Divers with less than twenty dives and have not dived for at least one year, a scuba review in the pool is compulsory before commencement of the course. The fee for a scuba review is S\$ 100 (for one person) or S\$ 80 (for 2 or more people).
5. Keen interest to have lots of fun 😊

#### Course Syllables:

- Complete five Adventure dives, including Deep and Navigation.
- Complete the relevant Knowledge Development sections in the PADI Adventures in Diving manual
- 1 Pool Session prior to the trip (Optional)

#### Prices

\*Please feel free to contact us if you have any other dive destination in mind that is not of above. We are able to tie up with any PADI Dive Center worldwide so you can do your open water dives anywhere.

## **About Us**

### **The Submersibles**

Like any **REPUTABLE, RESPONSIBLE** and **AWARE** dive shop, The Submersibles conducts PADI scuba courses strictly in accordance to PADI standards, procedures and requirements. In fact, we aim a tad higher by giving students the extra attention (and hence safety) through small group teaching in the confine and open water, as well as in providing Dive Computer in the open water dives.

	<b>PADI Standards</b>	<b>The Submersibles' Standards</b>
<b>Pool Lesson before Open Water Dives</b>	None	Yes
<b>Students : Instructor Ratio in Open Water Dives</b>	8	4
<b>Dive Computer during Open Water Dives</b>	Optional	Compulsory

All we ask for is your commitment to the course schedule and the course, a keen interest in learning scuba diving, and most importantly a love for the environment. With those qualities, we guarantee you a fun and safe time diving throughout the theory classes and pool/open water sessions, and being taught with knowledge, patience and enthusiasm.

As with all good quality products and services, we cannot compensate **QUALITY** by lowering our costs; be it the quality teaching by our instructors, the quality of our rental gear and servicing or the quality of the retails products we carry in our shop. So instead, we **VALUE ADD**.

You will find that doing your scuba courses with The Submersibles comes with **SERIOUS ADVANTAGES**:

- ✓ **FREE** Rental of dive computer for your open water dives
- ✓ **15%** off any Scuba Equipment you purchase during your course period,
- ✓ **10%** off any PADI Specialty Courses and/or EFR & Rescue Course Fees (within the 3 month of completing your AOWDC)

Beyond that, graduating from The Submersibles' PADI courses signified that you have earned your certification through our comprehensive education system and you will be recognised in Singapore, as well as among our numerous partners across Asia. You will be warmly welcomed wherever and whenever you dived with our partners as well.

We really hope that you enjoy diving and/or shopping with us. Let us know if you need any assistance, as we will go that extra depth (well, to 40 metres only) to make you happy. ☺
